This serves as notice to the public of the action described below, taken by the Department official indicated. (No additional confirming order will be issued in this matter.)

By Order 2003-2-10, issued February 12, 2003, served February 18, 2003, the Department requested proposals from air carriers interested in providing essential air service at Grand Island, Nebraska. We have received a request from MultiAero, Inc., for a twenty-day extension of this due date. In support of its request, MultiAero affirms that it will deliver to the Department of Transportation all required documentation on or before March 31, 2003.
